

February 13, 2024

As President of VvG from 2015 till 2023, the Dutch organization of City Clerks, I have had the honor of working together with Camilla Pitman on several occasions. In her effort to empower our clerks she has shown an ongoing commitment.

Her passionate presentation of the Athenian Dialogues in the Netherlands at our successful international symposium in 2023 and helpful support in the professional development of our members convinced me that she will provide the same commitment to the IIMC membership in serving on the executive committee during the next four years.

I encourage you to join me in supporting Camilla Pitman for 2024 IIMC Vice President.
