It is with great pleasure that I write to support Camilla Pitman for IIMC Vice President.

Camilla was one of the first friends and mentors I made at IIMC. She is truly interested in working with Clerks to help them develop in their profession both as a Clerk and as a person. She always makes herself available to answer questions, give guidance or just listen to concerns.

I have worked with Camilla when I was a Region VII Director of IIMC. She took the time to review the issues before the board, to do her own research and was open to the concerns of those with different opinions. She was, and still is, committed to the education of all Clerks and to their inclusion in IIMC. She contributes to this process as a facilitator for the Athenian Dialogues and a presenter at Clerk associations both and international.

Camilla's ethics and Christian values show through in everything she does. Her leadership manner is one of quiet yet confident leadership. She is always willing to listen to all sides.

I could list all of Camilla's Professional accomplishments but instead I would like to say that one of her most important assets to me is her ability to working with others, to make those around her comfortable so they can have a conversation on difficult issues and the ability to continue working with others even when they are on different sides of an issues. This is an important ability for our IIMC Leadership and these are the attributes that would make Camilla an excellent IIMC Vice President.

Sincerely,

Janet E. Gray, MMC
