

February 4, 2024

Dear IIMC Family,

One of the unique aspects of being a long-time member of IIMC is watching individuals new to the profession attend their first Conference and become involved in IIMC. It is so exciting to watch as they become active and involved, finding their particular area of service.

That is exactly what I observed when Camilla Pitman began to get involved in IIMC. I watched as she began to serve on Committees and take on leadership positions, both at the State level and the International level. One of the areas she quickly began to excel in was that as facilitator of Athenian Dialogues. She is often called upon to facilitate a Dialogue or teach an educational class on other aspects of the Clerk profession for Institutes in several states.

Camilla understands the importance of Clerk education and making it accessible and affordable to everyone. She, like many of us, have had opportunities to enjoy unique places and learning experiences that we never would have had, if not for IIMC. She is committed to ensuring that other Clerks have the opportunity for those same experiences for years to come.

I am delighted to offer my support to Camilla for Vice President of the International Institute of Municipal Clerks. I know that she will work hard to ensure that IIMC continues to provide the quality, affordable education that our Clerks deserve and have come to anticipate.

Please join me in voting for Camilla Pitman for Vice President of IIMC.

Brenda Cirtin
IIMC President, 2012-2013
Retired Clerk, City of Springfield, Missouri
