

January 28, 2024

It is with pleasure that I support my colleague and friend, Camilla Pitman, for IIMC Vice President. Camilla is a dedicated professional and passionate promotor of IIMC. I met Camilla when serving on the Board of Directors, where I found her to seriously consider and respect all viewpoints and to look at what would be in the best interest for all members of the organization. Camilla's strong networking, mentoring and leadership skills will be valuable in moving IIMC forward into the future.
