

February 16, 2024

IIMC and the Clerk profession in general has an embarrassment of riches with great candidates for IIMC Vice-President and both Camilla Pitman and Lee Frazier will do an amazing job if elected.

Early in my Clerk career as a member of IIMC and Deputy Clerk, I reached out to Camilla Pitman asking for information and advice on how she and her community managed its boards and commissions. She was a great resource and helped lead us to new and innovative processes that we implemented in our own Clerk's office and community. Over the years, that willingness to help and support has turned into friendship and the joy of watching and learning from her first hand through her involvement with IIMC. Camilla is a true public servant, putting her community service and active leadership in IIMC at the forefront of her daily actions. I am honored to support her and her candidacy for IIMC Vice-President and I encourage all IIMC members to be sure to vote in the upcoming IIMC election.

Best of luck!
